Goal of Work So Far:

Our goal is to improve and enhance the education program through a more efficient structure, and for our elementary and middle-level students to experience the same, cutting edge program regardless of which building they attend. We want our students and community to truly feel a part of “One Carlisle.”

Core Beliefs:

- Diversity is valued
- Relationships are critical
- Environments are supportive
- Professional collaboration is imperative
- Systems are equitable and optimize efficiency

Focus of Priorities & Criteria

- Educational programming – new details
- Building capacity
- Construction costs
- Land usage/availability
- Transitions – # of new building levels for students
- Transportation – new details
- Geography/Location of buildings
- Age of buildings / Costs to maintain buildings
- Recent construction projects
- Current enrollment vs. planned enrollment
- Student relationships
- Staffing
- Environmental sustainability – new
- Community impact – new

Group Norms

Everyone needs to have the ability to speak freely

- No question is a bad question
- No idea is a bad idea

Respect each other's viewpoints and perspectives

- Understand this is an emotional issue
- We all bring something different to the discussion
- Be comfortable with disagreement
- This needs to be a safe place

Respect the integrity of the process

- Allow the district to communicate publicly....This is a process
- Please do not leave the meeting and share ideas on social media. On social media things take a life of their own and misinformation can be the result.
