**Wireless Connectivity**

**DISTRICT technologies → CAMPUS**
Full access to H:/ and SHARE drive & Internet access for High School

**PERSONAL technologies → BYOD**
Internet access for High School with network login

**VISITORS → GUEST**
Guest login, limited Internet access, no access to CASD network drives.

*It is IMPORTANT to make sure your computer is on the correct wireless.*

**Using your own Technologies?**
(i.e. Personal Technologies or BYOD)

1. Label your own items
2. Identify correct wireless (BYOD)
3. Click on INTERNET BROWSER
4. Enter your USERNAME & PASSWORD

*NOTE: If Steps 3 & 4 are bypassed then wireless connectivity will be dropped.*

**Care & Maintenance**

- **Charge** laptop **nightly**
- **Reboot** your computer between HOME and SCHOOL to ensure updates are installed
- Keep laptop & charger secure at all times
- Avoid placing books on laptop in backpack
- Avoid food and drink near laptop
- Avoid leaving laptop in vehicle for extended time (excessive heat or cold will damage computer)

**Need ASSISTANCE?**

*Try these steps FIRST...*

1. Perform a reboot or restart laptop. *Completely OFF then ON*
2. Check which WIRELESS you are on.
3. Confirm you did LOGIN after connecting to WIRELESS?

*Still NOT Working???

  PROGRAMS > 1TO1 LEARNING > TRAINING VIDEOS
1:1 Access to Technology for Learning is a concept where every student has 24/7 access to the same device in every class and at home. The student and his/her parent/guardian are responsible for that computer. As this program develops, teacher will be able to work with students in different ways and with different expectations than in the past.

Students will be using their laptops in a variety of ways to expand their sources of research, complete assignments, and seek out legitimate digital information to solve problems.

In all activities, students are expected to maintain digital citizenship of appropriate and responsible technology use.

~~ IMPORTANT NOTE ~~

The district’s computer and network resources are the property of the district. Users shall have no expectation of privacy in anything they create, store, send, receive or display on or over the district’s Internet, computers or network resources, including personal files or any use of the district’s Internet, computers or network resources.

Acceptable Usage Policy

Students, staff and other authorized individuals have the responsibility to respect and protect the rights of every other user in the district and on the Internet.

Technologies are intended for educational activities only.

(A limited summary of the A.U.P. is as follows)
