

## **SUMMER READING LISTS AND PROJECT OPTIONS**

### **For students entering grade 9**

**PURPOSE OF PROGRAM:** The Carlisle Area School District offers a Summer Reading Program to students in grades 6 through 12. This program is designed to encourage students to continue to read while on summer vacation and to enjoy leisure time reading activities. In addition, the program is designed to provide additional marking period grade incentives for students who wish to participate in this optional reading program. The optional Summer Reading Program is designed to positively impact the first marking period grade for students who choose to participate and does not negatively impact the grade for a student who chooses not to participate. Students in each grade will receive a summer reading list which includes titles ranging from fiction to non-fiction, mystery, action/adventure, science fiction and many others.

**GRADE INCENTIVE:** Students who participate in the optional Summer Reading Program must demonstrate to their English teacher that they have read the chosen book. Students have the opportunity to choose both the book and the manner in which it will be assessed. Students who have demonstrated that they have read the book may receive up to 2 percentage points towards their first marking period grade. Students who complete two summer reading projects may earn up to 4 percentage points. Percentage points may be applied to the first or second marking period but may not exceed the 2% district-wide extra credit limit for either marking period. A student may not earn over 100% for any class in any marking period. Any project deemed to be plagiarized will not be accepted for credit. Students who plagiarize will be subject to disciplinary action according to school district policy.

**Assessments must be submitted to English teachers by the second Friday of the school year.**
