August 2026

Dear AP U.S. History Student,

This letter is a reminder to complete the online required summer assignments for AP U.S. History before the first day of school, August 19th (although the final due date is set for Monday, August 24th).

Please begin to work on the above assignments prior to August 19th (the first day of school). Do not wait until the last minute to complete these items. **These are graded assignments and will count toward your 1st marking period grade.** Also, you will need to be prepared for the first unit exam (Period #1) the second week of school.

If you have started any of the online assignments, please double check that all items are complete and fully submitted. Many of you have started assignments but have not fully submitted them.

If you have not started, remember that you can access the course inside the Schoology platform – "APUSH Summer: 26-27" is the name for the course. Once inside the course you will see a folder entitled "Unit 1: Period 1: 1491-1607." Access this folder to find six separate folders. Each folder contains items you must complete. Start with the "Introduction" folder so you understand what the expectations are. The last folder, "Period 1 Review Items" you do not need to worry about currently. We will use that as a review later.

If you are experiencing any log-on issues to Schoology, it is because of the password change reset for students the Technology Department has informed me about. You will need to go to https://portal.office.com and log in with your credentials. Your password will be **CA*studentnumber*$D** You will be prompted to change your password.

As always, if you have questions or concerns, please do not hesitate to contact me. You can use the email and/or phone number listed below. I look forward to meeting all of you in the first week of school (beginning August 19th).

Link with full directions, prior letters, and Schoology link can be found at:
